OPEN CALL: Antibiotic resistance

Apply for funding of your research network! Our theme this time is antibiotic resistance and how to reduce or quit using antibiotics and gain from it. The call is co-funded by the Swedish Research Council National research programme on antibiotic resistance. Apply December 14–February 1. Please submit a letter of interest before Dec 31 to enable us connecting applicants (not compulsory)!

Cooperation for future crises

The extremely hot and dry summer prompted the Swedish minister for Rural Affairs, Sven Erik Bucht, to gather the Nordic ministers in the agriculture and forestry sector to discuss how to cope with future weather related crises. NKJ can have an important role in the future work.

Digitalization of agriculture: Next step towards the future

Nordic Council of Ministers for Fisheries and aquaculture, agriculture, food and forestry (MR-FJLS) lifted during the summer of 2017 digitalization as an important area for development of the sectors. Nordic Forest Research (SNS) and The Nordic Joint Committee for Agricultural and Food Research (NKJ) was required to prepare the basis for discussions on the theme “Digitalization in the Nordic bioeconomics” for the Committee of Senior Officials for Agriculture and Forestry (ÅK-FJLS).

The mission aims to identify aspects of

digitalization with strategic relevance to a competitive Nordic bio-economy.

**MERRY CHRISTMAS
and a Happy New Year!**

Christmas is approaching, and we hope you all get some nice rest and opportunities to get fresh energy for the coming new year. NKJ will get back to you in 2019 with a lot of work to improve the Nordic cooperation and the agricultural and food research!

[Happy holidays!](#)
