OPEN CALL: Antibiotic resistance

Networking costs. Apply for funding from NJK! Our theme in this call is antibiotic resistance and how to reduce or quit the use of antibiotics - and gain from it. The call is co-funded by the Swedish Research Council National research programme on antibiotic resistance. Apply latest September 30th.

Better evaluation of genebank material

NJK funds a network with the aim to create a digital tool for predicting seed longevity that can be used by genebank managers and the seed industry all over the world. Such a tool could reduce the costs of genebanks and improve the long-term regeneration planning.
