Organising a testbed – what is best practice?

Digitalisation plays a vital role in the rapid development of the Nordic bioeconomy. Access to cutting edge platforms for development, so-called testbeds, where new digital knowledge and technology can be developed is fundamental. But how do we organise it? Nordic Testbed Network, a joint SNS and NKJ strategic project, arranged a seminar to learn more. You are welcome to watch the recorded seminar!

Reindeer herding in a changing climate

The NKJ funded network Tarandus has grown from 20 to 100 members during the year. Reindeer health and animal welfare was the focus for the first network meeting. The two day workshop included several presentations as well as discussions and networking.
