Funding for networking activities for researchers

Soil health is fundamental for a sustainable agriculture. Even more so in a future with a warmer climate. Therefore, NKJ announces a funding call for networks that can bring the issue forward. The focus area of this call is soil health and agroecology connected to living labs and the upcoming call in Horizon Europe. You can apply for at most 300.000 SEK for a period of two years.

Apply before April 1st, 2023!

Join the webinar on sustainable food systems

The NKJ funded network [“The role of Nordic research in transition to sustainable agro-marine food systems”](#) is arranging a webinar on sustainable food systems

January 24, 2023: "How do Nordic research institutions approach sustainability in the food systems?". It aims to start an interdisciplinary, multi-stakeholder dialogue among the partner universities and other relevant institutions on the role of Nordic research in transition to sustainable agro-marine food systems.
