OPEN CALL for networking activities in soil health and agroecology

The focus area of this call is soil health and agroecology connected to living labs and the upcoming call in Horizon Europe. Soil health is fundamental for a sustainable agriculture. Even more so in a future with a warmer climate. Therefore, NKJ announces funding for networks that can bring the issue to the future.

NKJ will fund networks for two years with at most 300.000 SEK. Network grants are from August 2023 to April 2025. Deadline for application is April 1st.

Nordic manuals for evaluation of soil is available

Researchers have gathered knowledge and experiences from four Nordic countries in manuals on all four languages on how to check out the health of soil with low-tech methods, readily available and easy to use for farmers and others. The researchers also provide strategies for improving soil health.
