Nordic matchmaking day: living labs and lighthouses

Join the NKJ matchmaking day to meet new colleagues, elaborate your project and be inspired!

When: December 14th 2023, 13.30-16.00 CET

Where: Online via Zoom, link will be sent out in advance of the meeting

Registration: Register to the event by sending an email (name, research area and institution) to nkj@slu.se

On the matchmaking day we take a deep dive into how you as a researcher can utilize living labs and lighthouses. We offer an opportunity to connect with other researchers in agriculture and food who are looking for collaboration opportunities on research connected to living labs and/or light houses. Matchmaking with other researchers will be carried out in smaller groups to maximize the chance for the participants to gain new contacts in their own area of interest.

You will also be inspired by speakers from light houses and living labs in the Nordic region!

Please spread this information to your students, colleagues and all interested you can think of!

OPEN CALL for Nordic synergies and knowledge exchange

This call is open (6 Nov 2023-31 Jan 2024) to applicants from all fields of research within food and agriculture. NKJ wants to facilitate collaboration between researchers in the Nordic countries and link national research projects where considerable positive outcomes can be reached through a wider regional scope. Find interviews with earlier coordinators of NKJ funded networks [here](#) and [here](#).
